

SEGUIN AUTO CENTER

THE SEGUIN AUTO CENTER is a unique jobs and earned income initiative under the auspices of Seguin Services, a social service organization supporting adults and children with disabilities and other special needs.

The SEGUIN AUTO DONATION initiative employs individuals in the preparation, marketing and selling of used cars donated to Seguin Services by people in the Chicagoland area. Seguin's AUTO DETAILING operation employs individuals in cleaning and washing the exterior & interior of vehicles.

The income from these businesses helps to reduce Seguin's reliance on declining state tax dollars that support programs for people with disabilities.

While you are having your vehicle cleaned be sure to visit our used car lot and look at our great deals we have to offer.
