Where Purpose Blooms

Seguin Gardens & Gifts is more than just a garden center and gift shop—it's a place where opportunities grow. Created by UCP Seguin of Greater Chicago, this unique retail space provides **meaningful employment and vocational training** for adults with developmental disabilities.

As a mission-driven business, **100% of proceeds** support programs that help children and adults live a life without limits.

Shop with purpose. Grow with us.

Open Year-Round for Every Season

Since opening our doors in 2009, Seguin Gardens & Gifts has proudly served the community all year long.

We offer a wide selection of plants, **plant care essentials, unique gifts, and home décor**—everything you need to brighten your space and support a meaningful mission.

Growing More Than Plants

What began with just a few herbs and vegetables has blossomed into something much bigger. As we've grown, so has our mission. Through the **UCP Seguin Grown** initiative, we now offer a wide variety of **houseplants—including rare and unusual varieties**—all cultivated with care and purpose.

Every plant nurtures opportunity, growth, and independence for adults with developmental disabilities.

Handcrafted with Heart: UCP Seguin Made

Our **UCP Seguin Made** program showcases the creativity and talent of individuals with developmental disabilities through a wide range of handcrafted products.

From **hand-painted ceramic pottery** and **festive Christmas ornaments** to **textile items** like aprons and tea towels—and even **delicious homemade fudge**—each item is thoughtfully made and full of personality.

Offerings change with the seasons, so there's always something new and delightful to discover!
