

## School Coalitions

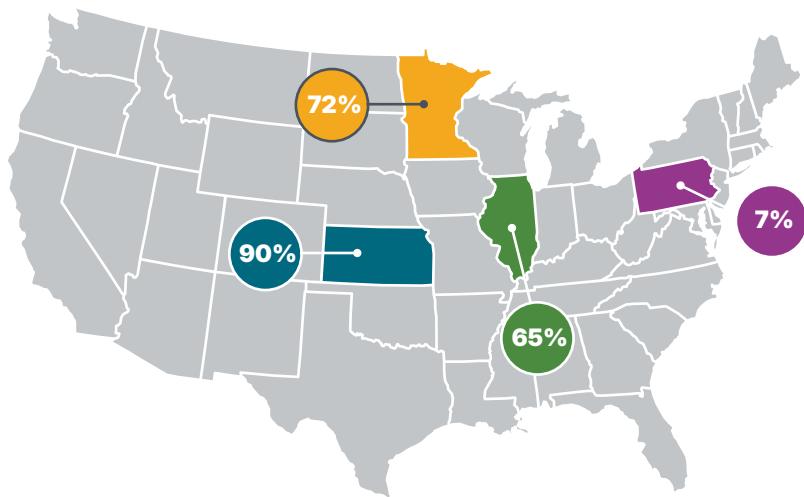

As a member-based organization, Infinitec supports more than 1,100 school districts and social service agencies in multiple states including **Illinois, Kansas, Minnesota, and Pennsylvania**.

**1,072 School Districts**

## Who We Are

Infinitec is the technology program of UCP Seguin of Greater Chicago. Since 1997, Infinitec has been on a mission to ensure people of all ages and abilities reach their infinite potential through inclusive learning opportunities and life-changing assistive technology.

The organization's mission is to empower the people who power the technology through professional learning opportunities, capacity building, expert resources, and access to equipment. By creating partnerships with other organizations, Infinitec is able to make these services and technologies more widely available to anyone who needs them.

## Our Pillars Of Service

### Professional Learning and Training

Infinitec offers face-to-face and distance learning opportunities by nationally recognized experts in assistive technology.

### Capacity Building

Through its robust network of professionals, Infinitec offers opportunities for members to work together to build knowledge, develop new skills, and problem solve issues.

### Access to Expertise

Infinitec's highly experienced technical assistance staff is there to help when you need it.

### Equipment Services

Members have opportunities to rent and purchase durable medical equipment and tech products.
