town for a conference. Mr. Contreras was impressed with the work we do and we are excited to continue this beneficial partnership.

Spring Forward With Us!

As spring brings forth the greening of grass and the blossoming of flowers, we ask our UCP Seguin community to **help us grow our innovative efforts on behalf of persons with autism.**

Our Children's Foster Program has embarked on one such effort to address the needs of **youth with autism.** In the past year, the Illinois Department of Children and Family Services selected UCP Seguin to initiate group home services to several children and adolescents with autism within the DCFS child welfare system. In March, the first of two UCP Seguin homes opened, and is soon to serve as residence for four youth. A second home will open in coming months for four more children in need.
