

THEY DESERVE MORE

Governor Pritzker will present his FY'23 state budget tomorrow, in which he will outline his plan for the coming year's priorities

Ahead of his address, please share They Deserve More's materials with your local legislators, urging them to sign on as co-sponsors to House Bill 4832 and Senate Bill 4063.

These bills would provide an increase of \$246.8 million to fully fund the Guidehouse Rate Study recommendations for Fiscal Year 2023.

Simply download the [fact sheet](#), copy the [video link](#) – and send them both to your state senator and representative today. In your message, please share your local experience with the DSP staffing crisis and how your legislators' constituents/local families are impacted without enough support from the state. Need help finding your legislators' contact information? Use this [online tool](#).

Thank you for your continued support and advocacy.
